

7th Grade Catalina Week-Long Science Trip

5-DAY 4-NIGHT STAY
ON WHITES LANDING, CATALINA ISLAND
◆ The Catalina Experience-Led Program ◆

Monday, October 26 – Friday, October 30, 2015

Cost: \$375 per student (Includes meals on island and boat transportation from Long Beach. Price is based on 30 students and may decrease with more students.)

- Need-based Partial Scholarships will be available from PACE. Amount of scholarship will depend on number of scholarship applications. Scholarship applications available upon request. Check box below.

Accommodations: Bunk-style tent cabins

Educational and Recreational Itinerary: 7 workshops; 4 night activities

A fun outdoors scientific experience led by trained guides on Catalina Island. The trip offers an array of geology, ecology and marine biology activities, including studying marine fish and invertebrates, squid dissection, beach formation, and more. Students learn map-based and GPS navigational skills on hikes and island scavenger hunts, learn about the marine food chain while snorkeling, and study coastal beach systems while kayaking.

TO RESERVE A SPOT FOR YOUR CHILD, PLEASE RETURN THE BOTTOM PORTION OF THIS FLYER TO THE **PACE BOX** IN THE MAIN OFFICE BY **SEPTEMBER 18, 2015**. Spots allocated on a first come first served basis:
