

Fall Festival Auction at Emerson Middle School

Dear Community Member:

This is an exciting time for Emerson Community Charter! We at Emerson are committed to excellence and academics and the promise to our community to be the neighborhood school we are all proud to be a part of. Teachers, staff, and parents are working tirelessly to continue to build our community, not only inside of our school, but with our local supporters. We have four Academies within our school to support a diverse student body; Sports, Leadership, STEM, and Arts & Media. With your help we can continue to grow opportunities for our students.

This year's Fall Auction will be held from **November 9 through November 16** at **www.biddingforgood.com/EmersonMiddleSchool**. We are culminating our Auction with a potluck at our school to further build our community of students and families. The money we raise will provide support for many of our essential programs such as computers, art, robotics, theater and speech and debate, as well as educational materials and classroom support for the core subjects.

By making a donation you are helping to ensure the future success of your community school as well as providing your business with a unique advertising opportunity. Participants and sponsors will reach over 600 Emerson families, the local community, and a broader audience of on-line bidders. Your logo and links to your website are included in the auction online descriptions. Plus, those viewing your donation will see that your business supports public education and community schools. Sponsorship opportunities are also available. To become a sponsor of Emerson or donate goods or services to the auction, please complete the enclosed form and return it by mail at the address below.

Emerson Community Charter Auction 2017 Attn: Sandra Showers
1650 Selby Ave.
Los Angeles, CA 90024
